

FBG ROI SHEET

FBG Members and buyers this sheet is making a name for itself around the country as folks who do not like to win or do not like the grind continue to try to poke holes in it. All I know is FBG members requested it and 26 weeks later we have won 20 weeks. This is not for everyone. This is a sheet about making \$1 profit each week. We have almost doubled our money in 26 weeks. Wouldn't everyone like to double their money each year for the amount you play? I know I would but we all get wrapped up in the chase for big hits I get it but this sheet is not that. This is about the grind let's get \$1 of profit.

26 weeks \$636 wagered w DDs for \$805 returned for just \$2 to win and \$2 DDs when on sheet, this is betting \$2 and you and I know there is no one betting \$2 so let us look at this another way . Profit continues to rise
